PAUL F. ADAMSON, MAYOR

SANITARY SEWER UPDATE

February 5, 2020

Following meetings with the Summit County Department of Sanitary Sewers (DSSS), we have been advised that the first public meetings to be held in New Franklin by that Department will be scheduled for early April of this year. The design work for Contract 7A (Vanderhoof Road from the Barberton Wastewater Treatment Plant to S.R. 93) has not yet been completed and this will be part of the first phase of the project. That phase may also include the S.R. 93 commercial corridor as indicated in the Contracts 1, 2A and 2B of the project (see the Sanitary Sewer Project Map referenced elsewhere on this site).

We will keep you advised of further proceedings and cooperate with the County in providing notice of the time and place for the public meetings. Until then, questions can be addressed to our offices or to DSSS offices, attention: Matthew Calcei at (330) 926-2416 or by email at mcalcei@summitoh.net.
